

Maths Starters and
Activities
1st and 2nd Class

Maths activities for
each day of the
week to get your
class thinking!
Suitable for 1st and
2nd class.

Monday Mathness!

Number of the day:

Rainbow write it

Write it in tens and units

Take away 6

Add on 6

Double this number

Write a word problem for
this number.

Tuesday Think It Out

Donna had eight grapes. She gave half the grapes to Aoife. How many did she have left?

Marie got 12 presents. She got 5 more the next day, but gave 3 away to a friend. How many presents did she have?

Jessica had 12 sweets. She shared them with her four friends. How many did they get each?

Wednesday Workout!

Count up in tens to 100
while doing jumping jacks.

Count up in fives to 50
while doing star jumps.

Count up in twos to 30
while doing toe curls.

Count up in threes while
doing a squeaky mouse
voice!

Thursday Thinking

Think of a number in your head. Your partner must guess the number!
Give them some clues!

If you take away 6 from 17 you will get my mystery number!

If you plus double two to nine you will get my mystery number!

If you plus $5+4$ to 10 you will get my mystery number!

If you count on in twos 6 times you will get my mystery number!

Friday Fun!

Pick a partner, a deck of cards and a dice.

1. Roll two die. Take turns and keep track of your scores on the score sheet! Whoever gets the highest number from adding the two numbers on the dice is the winner!
2. Lay your cards on the table. Take turns flipping two cards. Add the numbers. Whoever gets the highest number in total keeps the cards!
